**Trew® Expands Canadian Operations – Trew North**

*Trew Canadian-based operations deliver fulfillment solutions to help clients thrive.*

**[TORONTO, ON]:** Trew's Canadian-operations – Trew North – is expanding with the opening of a location near the University of Guelph. Trew North, located in greater Toronto Ontario, is a wholly owned subsidiary of Trew, LLC, a North American automated material handling solutions provider for integrators and end-users. The new physical location serves as the Canadian headquarters for client collaboration and automated material handling solutions delivery coast to coast.

"Our successful growth in Canada has been fueled by proven solutions delivery expertise and a great Canadian team" says Steve McElweenie, SVP Integrated Solutions and GM Trew North. "Our team has proven experience delivering automated fulfillment solutions across Canada, where success starts with listening to clients. This new space provides the opportunity for safe in-person business collaboration."

Trew North provides:

- Team experienced in delivering solutions of all sizes in major Canadian markets
- Client and staff collaboration space
- Dedicated Canadian staff with deep industry know-how, including:
  - Sales
  - Project Management
  - Electrical Engineering
  - Mechanical Engineering
  - Controls Engineering
- Backed by Trew's U.S. based resources:
  - Solutions Development
  - WCS/WES Software Solutions
  - Manufacturing
  - 24x7 Customer Support

"This infrastructure investment shows Trew's commitment to the Canadian marketplace and our Canadian and multi-international customers," Steve McElweenie continued. "We are very excited about the opportunities ahead of us to win together with end users and integrators."
